

**Mount Stuart Hospital,
Saint Vincent's Road, Torquay**

Mount Stuart Hospital is one of Devon's leading private hospitals.

This project formed part of several phases to enhance the hospital's development to meet the growing demands for its services including the treatment of private patients and patients referred by the NHS.

The phased programme of works included the following:

- Additional new build Operating Theatre with theatre scrubs and storage facility
- New twelve-bed ambulatory care unit
- Six-bed first stage recovery area
- Refurbishment of the day surgery theatre and endoscopy suite
- Refurbishment of second stage recovery including mammography and OPD store
- New build staff room and changing facilities
- Alterations to kitchen, dining and pharmacy

Client: Ramsay Healthcare UK Ltd
Value: £2.2m
